1. Write a program to obtain three number and print there sum ?
2. Write a program to obtain length and breath of the rectangle and calculate its area ?
3. write a program to input a value in kilometer and convert its into miles ?
      1km-0.621371 miles
4. write a program to input a value in tons and convert its into quantle and kilogram ?
5. Write a program to input three number and sum them as 1st number becames the 2nd ,2nd number becames the 3rd,and 3rd becames the 1st ?
6. Write a program to accept cost of goods solds(CGOS),revenue generated, operating cost (OC) and print gross profit,net profit and net profit percentages ?
7. Write a program that read two number and an arthematic operator and display computed result ?
8. Write a program that resd three number and print them in assending order ?
9. Write a program to input three number and display the largest and smallest number ?
10.Write a program to input a number and then print its first and last digit raised to the length of the number ?
11. Write a program to check if the year entered by the user is the leap year or not ?
12. Write a program to print the pattern ?
```
   1. A                    2. A
      B B                     A B
      C C C                   A B C
      D D D D                 A B C D
      E E E E E               A B C D E
                              A B C D E F
                              A B C D E F G
```
